

# Can I Hold You

Mark Medlock

Stay with me  
we going everywhere  
All i know  
is that i'll always be there  
You and me  
it's a key to our life  
And we know  
that this love will survive

I'll always trust in you  
at last forever ...  
You'll always trust in me  
we will stay togheter ...  
I'll give my heart to you  
and my emotions ...  
You make my dreams come true  
like the deppest ocean

I'll always be there

Refrain:

Can I hold you baby  
in my arms again  
I'll give my heart girl  
and you'll understand  
Can I hold you baby  
it's just you and me  
I'll never ever leave you  
But you're my destiny

Baby love  
i swear oh i'll be there  
here we stay  
sometimes so we're unfair  
High and low  
remember it's part in time  
born to run  
but we feling so high

I'll always trust in you  
trust in tomorrows  
You'll always trust in me  
going through our sorrows  
I'll give my heart to you  
It's our story  
You make my dreams come true  
Baby don't you worry

I'll always be there

Refrain:

Can I hold you baby  
in my arms again  
I'll give my heart girl  
and you'll understand

Can I hold you baby  
it's just you and me  
I'll never ever leave you  
But you're my destiny

Oh can I hold you...  
Uhuhu

Can I hold you baby  
in my arms again  
I'll give my heart girl  
and you'll understand  
Can I hold you baby  
it's just you and me  
I'll never ever leave you  
But you're my destiny

Can I hold you baby  
in my arms again  
I'll give my heart girl  
and you'll understand  
Can I hold you baby  
it's just you and me  
I'll never ever leave you  
But you're my destiny

Uh can I hold you
