

Everytime You Go Away

Mark Medlock

Everytime - baby, baby - mmmmmh yeah

Oh, I can't believe that you're loving me - baby
Oh, why you are lying and why you are fooling my heart
Oh, what can I say, you're making me crazy
You're killing me softly,
Baby, just right from the start
Believe me - I need you, I'll touch you, I'll tease You - tonight

Everytime you go away
Baby, you take away my heaven - oooh I know
Everytime you go away
Oh, it's more than my heart could hold
Everytime I see you crying
It's a deep cut in my broken heart
'long time I feel lying dying
Maybe don't tear apart

Yeah..
Baby we're standing miles from nowhere
And I can not lose
Baby, what I never had
Can't keep a good man - oh no, I swear
Baby I'm sure - maybe you're driving me mad
Believe me I need you, I'll touch you, I'll tease you - Tonight

Everytime you go away
Baby, you take away my heaven - oooh I know
Everytime you go away
Oh, it's more than my heart could hold
Everytime I see you crying
It's a deep cut in my broken heart
'long time I feel lying dying
Maybe don't tear apart

Yeah - huuhhhhhhhh
Everytime - my baby
Oh - everytime you go away

Everytime you go away
Baby, you take away my heaven - oooh I know
Everytime you go away
Oh, it's more than my heart could hold
Everytime I see you crying
It's a deep cut in my broken heart
'long time I feel lying dying
Maybe don't tear apart

Yeah...
Everytime you go away
Yeah...
