

Heart To Heart

Mark Medlock

Here I stay, alone again
Can you hold me, all I need is a friend
Here I stay, tears in my eyes
Where's your love then
Where's my paradise
Will you tell me that this dream is all full, oh no
Will you give my love just the second chance

[Chorus]
Heart to heart, hand in hand
To the end of the rainbow
I will love you, till the day I die
Heart to heart, hand in hand
Hold me when my heart goes
I will love you, till the day I die
Till the day I die...

Oh here I stay
I lost my dreams
Do you know babe, what this story means
Ohh here I stay, my bleeding heart
Do you think we never cry a star
Will you tell me that you leave me lonely, oh no
Will you give my love just the second chance

[Chorus]
Heart to heart, hand in hand
Till then end of the rainbow
I will love you till the day I die(till the day I die...)

Heart to heart, hand in hand
Hold me when my heart goes
I will love you till the day I die(till the day I die...)

Here I stay, alone again
Can you hold me, baby I need a friend
(Hold me...)

[Chorus]
Heart to heart(need a friend...)
Hand in hand
Till then end of the rainbow(I need a friend...)
I will love you till the day I die(till the day I die...)
Yea yeah I need a friend...
(Ahh ah ahh aah...)
Ohh I need a friend...
