

# I Miss You

Mark Medlock

I...miss you like the sun in the sky.  
I miss you,  
I miss you,  
I miss you.  
You're my love paradise.  
I...need you like the flower the rain.  
Oh I miss you,  
I miss you,  
I miss you.  
Will I see you again?

Born to win,  
Pick your love.  
And I swear I can't get enough.  
Don't tell it's over.  
Don't tell it's over.  
You've got friends  
That miss you again.  
Heaven got  
No time for pain.  
Don't tell it's over.  
Don't tell it's over.

Too shy to say,  
No way to go.  
I love you, Babe, out of control  
Tonight

I...miss you like the sun in the sky.  
I miss you,  
I miss you,  
I miss you.  
You're my love paradise.  
I...need you like the flower the rain.  
Oh I miss you,  
I miss you,  
I miss you.  
Will I see you again?

You and me,  
One mile high.  
I believe that I can fly.  
Don't tell it's over.  
Don't tell it's over.  
I can't sleep,  
I can not.  
If I see you how you walk.  
Don't tell it's over.  
Don't tell it's over.  
Cause I found you  
And you found me.  
We've ended as lovers.  
So can't you see my love?

I...miss you like the sun in the sky.  
I miss you,  
I miss you-u,

I miss you.  
You're my love paradise.  
I...need you like the flower the rain.  
I miss you,  
I miss you,  
I miss you, yeah.  
Will I see you again?

Uh..., Baby, Heaven got no time for pain.  
Yeah, please tell me, Baby, will I see you again?

I...miss you like the sun in the sky.  
Yeah, I miss you,  
I miss you-u,  
Yeah, I miss you.  
You're my love paradise.  
Yeah, I, yeah, I...need you like the flower the rain.  
Yeah, I miss you,  
I miss you,  
I miss you-u.  
Yeah, will I see you again?
