

# If I Could Fly

Mark Medlock

Sad boy,  
everytime I see you cry  
Sad boy,  
tell me the reason why  
Bad boy,  
as long you're loving me  
Sad boy,  
there's my sense to be

On and on I'll always pray for you  
Give you love and heaven, too

Refrain:

If I could fly  
I will fly to you  
If I could fly  
I feel what dreams can do  
If I could fly  
I'm hungry for your love  
If I could fly  
I can't get enough

Sad boy,  
nobody loves you more than me  
Sad boy,  
you're all I need  
Bad boy,  
why you're foolin' me  
Sad boy,  
nothing comes for free

On and on I'll always pray for you  
Give you love and heaven, too

Refrain:

If I could fly  
I will fly to you  
If I could fly  
I feel what dreams can do  
If I could fly  
I'm hungry for your love  
If I could fly  
I can't get enough, yeah..

If I could fly  
I will fly to you  
If I could fly  
I feel what dreams can do  
If I could fly  
I'm hungry for your love  
If I could fly  
I can't get enough  
can't get enough  
Oh yeah, can't get enough  
Can't get enough
