

# If You Wanna Be Rich

Mark Medlock

Sing sing sing sing

If you wanna be happy in your life  
Don't Make a pretty woman to your wife  
If you wanna be rich, nice and cool  
Don't play, don't play a silly fool

If you wanna be happy in your life  
Don't Make a pretty woman to your wife  
If you wanna be rich, nice and cool  
Don't play, don't play a silly fool

If she says you smoke too much  
If she says you drink a lot  
If she says you're like a fool  
Pick up the children from the school

If she says you cannot kiss  
And if she says so how I miss  
A good lover in my bed  
And she's really so upset

If she says she works so hard  
If she says she tears apart  
Oh baby then it's time to go  
There's something you have to know

If you wanna be happy in your life  
Don't Make a pretty woman to your wife  
If you wanna be rich, nice and cool  
Don't play, don't play a silly fool

If you wanna be happy for your life  
Don't Make a pretty woman to your wife  
If you wanna be rich, nice and cool  
Don't play, don't play a silly fool

If she says her parents come  
If she says she's on the run  
If she says she work as tough  
And she's missing some sweet love  
If she says she likes some shoes  
She wants a secret rendezvous  
And if she wants a brand new car  
And looking like a famous star

And if she wants some diamond rings  
Or better only everything  
And maybe then it's time to go  
Cause there's something you have to know

If you wanna be happy in your life  
Don't Make a pretty woman to your wife  
If you wanna be rich, nice and cool  
Don't play, don't play a silly fool

If you wanna be happy for your life

Don't Make a pretty woman to your wife  
If you wanna be rich, nice and cool  
Don't play, don't play a silly fool

yeah yeah yeah yeah yeah  
Don't play that silly fool

If you wanna be happy for your life  
Don't Make a pretty woman to your wife  
If you wanna be rich yeah, nice and cool  
Don't play, don't play, don't play a silly fool

If you wanna be happy for your life  
Don't Make a pretty woman to your wife  
If you wanna be happy, nice and cool yeah  
Don't play, don't play a silly fool

If you wanna be happy, nice and cool yeah  
Don't play, don't play a silly fool  
Yeah  
Don't play, don't play a silly fool
