

# If Your Heart Is Crying

Mark Medlock

Don't stop the game  
Don't hurt your heart at night  
Everytime you're crying  
you loose a part inside  
Don't look back  
there comes a brandnew day  
Cause everytime you're lying  
you will loose your way

On and on you see  
You're in this fantasy  
On and on you told him "don't lie to me"

Refrain:

If your heart is crying  
He's a real heartbeaker  
If your heart is dying  
for a real good love  
If your soul is diving  
for an undertaker  
Oh I know somebody  
for a real good love  
for a real good love

Behind the smile  
there is a dangerous zone  
You think that it's heaven  
But you're the only one  
Roses and rain  
Oh this ain't heaven, too  
Beautiful obsessions  
Oh, he promised you

On and on you see  
Cant turn back the years  
On and on you told him "don't lie to me"

Refrain:

If your heart is crying  
He's a real heartbeaker  
If your heart is dying  
for a real good love  
If your soul is diving  
for an undertaker  
Oh I know somebody  
for a real good love  
for a real good love

Woooah....

If I have your love  
If I have your love

If your heart is crying  
He's a real heartbeaker

If your heart is dying  
for a real good love  
If your soul is diving  
for an undertaker  
Oh I know somebody  
for a real good love  
for a real good love

If your heart is crying  
He's a real heartbeaker  
If your heart is dying  
for a real good love  
If your soul is diving  
for an undertaker  
Oh I know somebody  
for a real good love  
for a real good love
