

Jerome Jerome

Mark Medlock

Dadada dadadaaaa nanana nananaa

It was a lonely night in moscow
When we ended at that bar
It was a good love, chain reaction
But sometimes it feels bizarre
And every little time I'm waiting
For the moment to begin
Was it love or just a gamble
Oh I know love is a sin

And the clocks strikes ten

Jerome Jerome
Pick up the phone
I need you here with me tonight
Oh no yeah
Jerome Jerome
I'm so alone
I miss your smile just by my side
by my side

It was a rainy night in Paris
After all the love has gone
I am loosing, you're so careless
Cause your heart was my home
Oh we're born to be to together
Dancing on the edge of time
And I thought you meant forever
Look the sun stops to shine
Jerome Jerome

Jerome Jerome
Pick up the phone
I need you here with me tonight
Oh no yeah
Jerome Jerome
I'm so alone
I miss your smile just by my side
By my side

Dadada dadadaaaa nananaa nananaa
Dadada dadadaaaa nananaa nananaa

Jerome Jerome
Pick up the phone
I need you here with me tonight
Oh nooo
Jerome Jerome
I'm so alone
I miss your smile just by my side
By my side

Jerome Jerome
Pick up the phone
I need you here with me tonight
Oh no yeah

Jerome Jerome
I'm so alone
I miss your smile just by my side
