

# Not Over

Mark Medlock

Girl he get your number  
In that little tiny bar  
I can't stand the feeling  
Oh it's so bizarre  
Girl he get your lover  
And I loose your heart  
Oh this time is real  
Why you broke apart

Ohh I miss you so yeah yeah mmmh

Cause I'm not over you  
Pretty girl with the secret smile  
I'm not over you  
Cause I'm not over you  
Baby can't you wait another night

Girl he now is joking  
With you night and day  
And everything is broken  
Since you gone away  
Girl he is your lover  
And I'm standing here alone  
Every word is spoken  
I left my heart, my home

Oh nooo  
I miss you so-oooooh

Cause im not over you  
Pretty girl with the secret smile  
I'm not over you  
Cause im not obver you  
Baby can't you wait another night  
□Oooouh goodbye lover  
Gooby heartbeat oooohohohohohohoh  
Goodbye lover, goodbye heartache

Cause I'm not over you  
Pretty girl with the secret smile  
I'm not over you and I'm not over you  
Baby can't you wait another night  
Goodbye lover, goodbye heartache  
Ooooh I miss you, yeah I do  
Goodbye lover yeah, goodbye heartache  
I miss you, I'm not over you-ooohhh  
I'm not over you  
I miss you really please come back to me
