

Over You

Mark Medlock

I will always trust you baby
And whatever they will say
I will always follow my heart
Baby come on me
I will always love somebody
Through the gratest barokades
Cause I know Ill be the winner
And itll never be too late

I cant get over you
Cause you brokeed my heart
I cant get over you
Dont tear appart
I cant get over you
Im not blind to see
I cant get over you
Youre my desity

I will always feel the fire
Dreams I mede for you and me
I will always take you higher
All good things in live are free
Cant you see what you are doing
To my heart and to my soul
If you play a game love
I will loose controll

I cant get over you
Cause you brokeed my heart
I cant get over you
Dont tear appart
I cant get over you
Im not blind to see
I cant get over you
Youre my desity

I cant get over you
Over you
I cant get over you
Over you
I cant get over you
You you oohooohoooh...
I cant get over you
