

# Put A Smile On Your Face

Mark Medlock

I know it's easy but it's true  
I can not live girl without you  
I can not smile if you're not here  
I see the tears will disappear  
I hate the way to be alone  
there is no heart there is no home  
there is a heart there needs some love  
but you can give me just enough  
oh I know it's true  
I can stand live without you

Put a smile on your face  
no I never give up  
it's your smile your embrace  
and your lovin' heart  
Put a smile on your face  
oh I can't let you go  
it's your style it's your taste  
you're the one I know

I know you dieing all the time  
how can I get you on my mind  
I can not live without our love  
I swear it to the stars above  
so many nights I wait for you  
there is no colour makes me blue  
there is a heart there needs a stronger love  
but I can give you just enough  
oh I know its true  
I can stand live without you

Put a smile on your face  
no I never give up  
it's your smile your embrace  
and your lovin' heart  
put a smile on your face  
oh I can't let you go  
it's your style it's your taste  
you're the one I know

oh I know it's true  
I can stand live without you

Put a smile on your face  
no I never give up  
it's your smile your embrace  
and your lovin' heart  
put a smile on your face  
oh I can't let you go  
it's your style it's your taste  
you're the one I know yeah  
put a smile on your face
