

# Que Sera

Mark Medlock

(Can't let you go, can't let you go  
Que sera  
can't let you go, can't let you go  
Que sera)

When the wind will blow emotion  
like the water and ocean  
can't get over you (over you)  
Believe the sky is crying  
and emotions are dieing  
can't get over you (over you)  
Tell me why you hurting me  
ob baby can't you can't you see  
that you break my heart  
why you break my heart  
forever and a day

Que sera sera  
you always in my heart  
angels I miss you so  
oh Que sera sera  
you like a shinin' star  
baby my love will grow

The sun is going forever  
and I started from zero  
can't get over you (over you)  
It's not a bedtime story  
but I feel I am sorry  
can't get over you (over you)  
One of us can be wrong  
tell me where my heart belongs  
why you break my heart  
why you break a part  
yeah foever and a day

Que sera sera  
you always in my heart  
angels I miss you so  
oh Que sera sera  
you like a shinin' star  
baby I swear I never let you go

oh I never let you go

Que sera sera  
you always in my heart  
angels I miss you so  
oh Que sera sera  
you like a shinin' star  
baby I swear I never let you go

(que sera sera  
you always in my heart)  
I said  
(angels I miss you so  
que sera sera

you like a shining star)  
I said  
baby I swear I never let you go

Baby I swear I never let you go

(Can't let you go, can't let you go  
Que sera  
can't let you go, can't let you go  
Que sera  
Can't let you go, can't let you go  
Que sera)
