## **Relax Your Heart**

## **Mark Medlock**

I can't wait to be with you. Oh Baby it's a long way home. You're waiting day and night it's true. And I'm feeling so alone. Baby once twice just close your eyes, 3,4 I have a surprise. Uh Baby Relax your heart. Relax my Baby. Cause we have so much time. Relax your heart Relax and maybe You won my mind. Life's so short Don't give it up Oh all I want is everything. You put your dreams in just one night. Oh we're on a broken wing. Baby once twice we're telling some lies. 3,4 I can't ignore yeah Relax your heart. Relax my Baby. Cause we have so much time. Relax your heart Relax and maybe You won my mind. Yeah... Baby once twice we're telling some lies. 3,4 I can't ignore yeah Baby Baby once twice we're telling some lies. 3,4 I have a surprise ... Relax your heart. Relax my Baby. Cause we have so much time. Yeah... Uh...relax...your heart ... yeah ... Relax and maybe...
