

# She Walks Like An Angel

Mark Medlock

If you really want me  
Oh babe, dont fool around  
Im the best lovmashine in town  
Oh if you really want it  
We dont tuoch the ground  
Im the best 15 miles around  
I swear, yes

So keep me baby, keep me hangin on

She walks like an angel walks  
She talks lika an angel talks  
Oh baby we cant go wrong  
If you stay with me  
She walks like an angel walks  
She talks lika an angel talks  
I cant belive shes real  
In my arms again

Oh could it be forever  
Or is it just a night  
Oh six in the night thats right  
Oh every days a new day  
My heart just means your home  
Oh I promise her we cant go wrong  
Oh baby

So keep me baby, keep me hangin on

She walks like an angel walks  
She talks lika an angel talks  
Oh baby we cant go wrong  
If you stay with me  
She walks like an angel walks  
She talks lika an angel talks  
I cant belive shes real  
In my arms again

She walks like an angel walks  
She talks lika an angel talks  
Oh baby we cant go wrong  
If you stay with me  
She walks like an angel walks  
She talks lika an angel talks  
I cant belive shes real  
In my arms again
