

Sing Halleluja

Mark Medlock

Oh, oh.....
uh..
oh..

(Sing Halleluja
sing, sing..Halleluja)

Halleluja

(Sing Halleluja,
sing sing Halleluja)

Sing it, yeah, yeah

Come give a little
and take a lot
just follow me
it`s the way to God
feel the glowing
deep in your heart
God bless you, darling
and try a new start
God guide you
with his helping hand
He will guide you
to Everland
Come find the way
to your heart and your soul
Baby, don`t loose control

(Sing Halleluja,
sing sing Halleluja
Sing Halleluja,
sing sing Halleluja)

Come Baby (sing it to me, sing it to me)
He will mend your broken life
(Sing it to me, sing it to me)
And he`ll show you to survive

Fly by night,
yes fly away
and follow me
now day by day
hear my heart beat
bum bum bum
Baby, the message is coming to you
Keep the fire
burning at night
and endless fever
hold you tight
Come find the way
to your heart and your soul
Baby, don`t loose control

(Sing Hallelujah,
sing, sing Hallelujah

Sing Hallelujah
sing, sing Hallelujah)

Come Baby (sing it to me, sing it to me)
He will mend your broken life
(Sing it to me, sing it to me)
and he'll show you to survive

Sing Hallelujah
Hallelujah
(sing, sing Hallelujah)
Hallelujah
(sing Hallelujah)
Hallelujah yeah
(sing, sing Hallelujah)
Hallelujah yeah
(Sing it to me) Sing it
and he will mend your broken life
(sing it to me, sing it to me)
And he'll show you to survive, yeah

Sing Hallelujah...
