

Stop It

Mark Medlock

Deep down I know
you're always hurting me
Why you're hurting me?
And that you're never,
ever loving me

Mmmmmh...

This love is crazy,
but I know for sure
That your love is over
Oh I can't ignore

Baby, why you're hurting me so bad?
(Why you're hurting me so bad?)
You take my heart away
and make me sad, yeah
You are my destiny
You are my destiny
Oh you're hurting me baby so bad

Refrain:

Why you stop it
Why you stop this old love
(I cant forget you)
Baby why you stop it
Oh why, why you can't get enough
(I cant forget you)

Respect my heart, oh baby its all I have
(Yeah its all I have)
Please tell me why youre driving me so mad, yeah
Please talk to me love
Its like an endless story,
you breake appart, yeah

Mmmmmh...

Out of controll you're playing this old game, yeah
You take my heart away and make me sad, yeah
You are my destiny
You are my destiny
Baby oh can't you see
You hurt me so bad, so bad yeah

3x Chorus

Why you stop this old love...
