

This Is Love

Mark Medlock

Mmmmm his love mmmmm it's lolo-love
Mmmmm his love mmmmm it's lolo-love
Mmmmm his love mmmmm it's lolo-love

Oh you hold me when I came
Let me love you without a name
Cause we at the rainbow's end
You're an angel from heaven sent
Oh we're back to Barry Long
And my heart is beatin' strong
Like a candle in the wind
We're a shining back again

This is love, ths is my live
Baby oh this love will survive
This is love, this is a dream
Believe in your love oh it seems

ohh ohh ohh ohh ohh ohh

This is love yeeeeeah
Let this careless memory
Oh just play a symphony
Oh I can't turn back the years
In my heart and in my tears
We're broken sourvenirs
On a journey through the tears
Now I'm born a second time
Till your love is not a crime

This is love, this is my live
Baby oh this love will survive
This is love, this is a dream
Believe in your love oh it seems

Ooooooh mmmmm his love mmm it's lolo-love
Mmm his love mmm it's lolo-love
Mmm his love mmm it's lolo-love
Mmm his love mmm it's lolo-love
Mmm his love mmm it's lolo-love
Mmm his love mmm it's lolo-love
Mmm his love mmm it's lolo-love
Mmm his love

This is love, this is my live
Baby oh this love will survive
This is love, this is a dream
Believe in your love oh it seems
This is love, this is my live
Baby oh this love will survive
This is love, this is a dream
Believe in your love oh it seems
Ooooooh
