

# When You Close Your Eyes

Mark Medlock

Baby, you know, when you close your eyes,  
I will take away your sorrows.

Can't you hear that I wrote a song for you,  
Can't you feel what a melody can do?  
When I sing, oh I sing only for you.  
You and I, we together, just we two.  
You and no one else, you are in my heart for sure.  
Baby, promise me, this love will never go.

When you close your eyes I will take away your sorrows.  
It's so sad to see you're feeling bad.  
When you close your eyes, I will light up your tomorrow,  
There will be another guiding light.

Can't you find another way to someone's heart,  
In my song let us try a brand new start  
Years may come, and so many years will go,  
But my heart is in your hands, I know.

You and no one else, you are in my heart for sure,  
Baby, promise me, this love will never go.

When you close your eyes I will take away your sorrows.  
It's so sad to see you're feeling bad.  
When you close your eyes, I will light up your tomorrow,  
There will be another guiding light.

When you close your eyes, it's hard to say that I'm sorry,  
But there's one thing I learned from you: is to love you.

When you close your eyes I will take away your sorrows.  
It's so sad to see you're feeling bad.  
When you close your eyes, I will light up your tomorrow,  
There will be another guiding light.

Hey baby, I thought about you all the time and all those nights  
.  
You and I, we together, just we two.  
Can't you hear my heart?
