Mark Morrison

Oh my god... What chu doin to me?
Only if you knew, listen,
I ain't even gonna tell you listen...

I like the way you do it
I like the way you move it
I like the way you pump
Baby work it for meh
(Yeah! Come on!)
(Work baby Work!)
I like the way you do it
I like the way you move it
I like the way you pump
Baby work it for meh
(Baby doll, listen to Mark)

See the week is here
I know we can have some fun
If we, wake up in the afternoon,
I'll take you anywhere you want, shortie
Cash, gold, diamonds and pearls
Anything to make you mine
See I really can't seem to get you off my mind

I like the way you do it
I like the way you move it
I like the way you pump
Baby work it for meh
I like the way you do it
I like the way you move it
I like the way you pump
Baby work it for meh

You're so incredible
Girl, ya do things to me
The way you walk
Sendin chills up an down me
Girl I don't know what to do
But all I know is I wanna get get next to you

So ya know the next time I catch you makin eyes at me
I guess I'll have to satisfy my curiosity
Or maybe I'll drop a line
Or maybe I'll just get cha with some nursery crimes and
WORK! BABY WORK!
TIL IT HURTS! TIL IT HURTS BABY!

There's no game without pain
So girl I ain't the type to stand up for
Those cuddle or show the world girl

I like the way you do it
I like the way you move it
I like the way you pump
Baby work it for meh
I like the way you do it
I like the way you move it

I like the way you pump
Baby work it for meh

Now honey
I wish chase you, chase you
Til the cows come home
Cause this jones in mah bones
Says you got it goin on
Now if I drop mah number
Would you drop a line
You could meet me round mine
10 o'clock would be fine

I got this feelin
You be feelin for the rhythm that I'm givin
And this feelin gettin hot
He's how I'm dealin:
Cash, gold, sushi everyday
Pink Champagne, baby come and make my day
We can ball it, ball it if that's how you state
Or keep if on the down low, I'm easy that way
If you got time to share, then I got all night
My incredible baby, I like HA! HA!

[Chorus: til end]
