Mark Owen

Don't be scared
We're open to everything now
Nothing's wrong
Just ain't been ourselves for a while
I wasn't calling
You've been down

Selling yourself for the song
Spending time
Saving yourself for no one
I wasn't falling
But you caught me anyway

When we fall
Got to give it all away
We can't hold on
Never had it anyway
When we're gone
Never really far away
When we fall
There's nothing left to give away
So giveaway

If you try
To show me the world tonight
We'll get lost
Maybe we'll lose ourselves
I wasn't talking
But you heard me anyway

When we fall
Got to give it all away
We can't hold on
Never had it anyway
When we're gone
Never really far away
When we fall
There's nothing left to give away
So giveaway
