

## My Life

Mark Owen

Won't somebody tell me  
Just what's going on  
Won't somebody hear me  
I can't do right for wrong  
Won't somebody help me  
I feel I've come undone  
There's something going wrong  
In my life  
My life  
She ripping out the heart  
Tearing me apart  
My life  
Can anybody hold me  
Make everything alright  
Can anybody show me  
How to numb the pain inside  
Get me through the night  
Baby's turned the tide  
Of my life  
My life  
She's ripping out the heart,  
Tearing me apart  
Pulling out the plug  
I'm scarred from where she's cut  
My life  
(She stole my soul  
She cuts me up)  
Tearing up the pages  
That I'm from  
Breaking up the ground  
I walk upon  
Making my religion  
And she can't begin to understand  
She cannot see  
My life is in her hands
