

# Mary Poppins

Mark Salling

When the east wind blows and the fog rolls in  
out of nowhere like a ghost she appears again  
sweeten medicine,  
circus in the sky  
you've got your relationship  
so why can't I

believe in Mary Poppins  
we just had the most magical time  
she don't care that I am crazy  
and I know that you'll never be mine  
oh I need you Mary Poppins  
like the world needs a way oh  
maybe Mary Poppins  
will get there some(day)

From upon the roof  
I will sing to you  
just a lonely chimney sweep  
doing what I do  
Mary is my friend  
an angel possibly  
helps me to forget myself  
so that's why I

believe in Mary Poppins  
we just had the most magical time  
she don't care that I am crazy  
and I know that she'll never be mine  
oh I need you Mary Poppins  
like the world needs a way oh  
maybe Mary Poppins  
will get there someday

I believe in Mary Poppins  
we just had the most magical time  
she don't care that I am crazy  
and I know that you'll never be mine  
oh I need you Mary Poppins  
like the world needs a way oh  
maybe Mary Poppins  
will get there someday
