

# All Has Been Forgiven

Mark Schultz

Well, I know what it means to be shackled by my worst mistakes  
And I know what it means to be set free  
'Cause I fell at the cross as broken as I've ever been  
It was there that I heard my Saviour sing

Child of mine lift your eyes

All has been forgiven, every sin is lifted  
Let your chains fall away  
All has been forgotten, buried at the bottom of the sea  
You are free and all has been forgiven

Now the weight of the world is finally lifting off my shoulders  
And I feel like I can breathe  
Every hope, every dream, everything I've buried deep inside me  
arise  
Can you hear the heavens sing?

All has been forgiven, every sin is lifted  
Let your chains fall away  
All has been forgotten, buried at the bottom of the sea  
You are free and all has been forgiven

And all your guilt and all your shame  
Let it go in Jesus' name  
Lay it all down at His feet  
By His grace in His mercy

All has been forgiven, every sin is lifted  
Let your chains fall away  
All has been forgotten, buried at the bottom of the sea  
You are free and all has been forgiven, all has been forgiven
