

Closer Than I've Ever Been

Mark Schultz

I've fallen farther than I have ever been
Lord, I long for Your embrace
Can You take me in? Take me back again
To that place where I am whole in You

Yeah, let me fall down at Your feet
Feel Your presence all around me
Don't let go until I am closer
Closer than I've ever been

Until I find myself in all Your glory
Until I'm weak enough to seek Your strength
Until I know that I am held by mercy
Until I am closer, closer than I've ever been

So break this heart of mine if it means
That I'm letting go by holding on to You

Yeah, let me fall down at Your feet
Feel Your presence all around me
Don't let go until I am closer
Closer than I've ever been

Until I find myself in all Your glory
Until I'm weak enough to seek Your strength
Until I know that I am held by mercy
Until I am closer, closer than I've ever been

In all Your glory, in all Your grace
Lord, hold me closer

Until I find myself in all Your glory
Until I'm weak enough to seek Your strength
Until I know that I am held by mercy
Until I am closer, closer than I've ever been
Closer than I've ever been, closer than I've ever been
Hold me closer, closer
