

# One Day

Mark Schultz

She came into this world  
Fighting for every breath she took  
Nothing was easy  
They said they'd do everything they could  
Still she keeps waiting  
Holding on to the promise of a cure that's sure to come

One day, one day  
We will touch the Healer's hand  
One day  
We will be whole again  
One day, one day  
He'll take every sorrow and wipe my tears away  
One day

So maybe you're breaking  
Maybe your world just fell apart  
Maybe you're facing  
Something that's stronger than you are  
Hold on to this promise  
He's written on every soul and broken heart

One day, one day  
We will touch the Healer's hand  
One day  
We will be whole again  
One day, one day  
He'll take every sorrow and wipe my tears away  
One day

The lame will walk, the blind will see  
The prisoners will be set free  
And hope will rise, the shadows disappear

And all that's lost, we'll find again  
Death will die and tears will end  
And we will come alive and truly live

One day, one day  
We will touch the Healer's hand  
One day  
We will be whole again  
One day, one day  
He'll take every sorrow and wipe my tears away  
One day

One day  
One day  
One day, one day  
One day, one day
