

Because I Love You

Mark Wills

Because I love you
And that's the reason why
'Cause I love you
I'll reach up to the sky

And pull down a fairytale
A wishing well, a magic spell
And give them all to you

'Cause I love you
All I ever think about's
When I can touch you
'Cause I can't live without

Your little sweet surprise
Your hazel eyes, I'm hypnotized
And there's nothin' I can do

Because I love you
I'll always be honestly
Willingly, faithful and true

Because I love you
I'm hopelessly, endlessly
Yours, heart and soulfully

And I devotedly
Do it, 'cause I do it
'Cause I do it, 'cause I
Do it, 'cause I love you

Because I need you
Say you'll never go away
Because I want you
Every night and every day

Your little mystery
Keeps kissing me, I'm history
And there's nothin' I can do

Because I love you
I'll always be honestly
Willingly, faithful and true

Because I love you
I'm hopelessly, endlessly
Yours, heart and soulfully

And I devotedly
Do it, 'cause I do it
'Cause I do it, 'cause I
Do it, 'cause I love you

Yeah, because I love you
I'll always be honestly
Willingly, faithful and true

Because I love you
I'm hopelessly, endlessly
Yours, heart and soulfully

And I devotedly
Do it, 'cause I do it
'Cause I do it, 'cause

Because I love you
I'll always be honestly
Willingly, faithful and true

Because I love you
I'm hopelessly, endlessly
Yours, heart and soulfully

And I devotedly
Do it, 'cause I do it
'Cause I do it, 'cause

'Cause I love you, oh
'Cause I love you, oh
Oh, I do it, 'cause I do it
'Cause I do it, 'cause

Because I love you
