

High Low And In Between

Mark Wills

My baby gets me shakin'
She's got a way of makin' me feel
Like I'm still seventeen
She gets me high, she gets me low and in between

Blue eyes, she's got 'em
Legs on the bottom
She tippy-toed right out of a dream
She's got it high, she's got it low and in between

Now I'm higher than a flag on the 4th of July
Low down in love and she's the reason why
She gets a hold of me an' takes complete control of me
If you know what I mean
My baby's got me high, low and in between

Now baby's got the kind of kiss
You could start a fire with
She don't need no gasoline
I'm burnin' high, I'm burnin' low and in between

I'll find her on the second floor
And chase her through the cellar door
And catch her by the washin' machine
She takes me high, she takes me low and in between

Now I'm higher than a flag on the 4th of July
Low down in love and she's the reason why
She gets a hold of me and takes complete control of me
Well, if you know what I mean
My baby's got me high, low and in between

Now I'm higher than a flag on the 4th of July
Low down in love and she's the reason why
She gets a hold of me an' takes complete control of me
If you know what I mean
My baby's got me high, low and in between

My baby's got me high, low and in between
Well, she's got it high
She's got me low and in between
