

If I Were You (chad Brock With Mark Wills)

Mark Wills

You've got it made, you've got real love
Something you don't find every day
Someone to trust, someone to lean on
Something I would hold on to, if I were you

You've got it made, you've got no one
You don't have those strings to tie you down
You come and go as free as the wind blows
I wouldn't settle down too soon, if I were you

If I were you, I'd be satisfied (I'd be satisfied)
Oh, I'm sure the grass is greener on the other side
If I were you, I'd stay by her side (I'd be running wild)
I would never leave her
That's what I would do
If I were you

Oh, if I were you, I'd be satisfied (I'd be running wild)
Oh, I'm sure the grass is greener on the other side
If I were you, would I rather be (would I rather be)
Someone just like me
I wouldn't change a single thing
If I were you
