

Now You Know

Markéta Irglová

I don't know what it is you did to me
I don't know what it was you said
That made me think for the very first time
That I'd give everything I had
In exchange for one night with you
Where I'd put my head, I haven't a clue
I don't know how to say this, how to even begin,

But I'll try and explain the state I'm in.
When you talk to me I can't focus on what you're saying.
Cause my mind gets lost in the movement of your lips,

And the color of your eyes, and the gesturing of your hands.

Those lovely hands

And I want to move my lips
Right close to your ear,

And Whisper things that only you are meant to hear.
I'm falling for you, what a stupid thing to do,

But there you go, at least now you know that I want you.
