## **Cause You Know**

## **Markus Schulz**

Making promises I can't keep Do I show up empty? Should I beg for your mercy? Do you know I'm glad to be?

Do you hear me when I weep? Cause I search, I search for peace If I should die within my sleep So you know, hold me

Nothing but you can taste so sweet Do I go? Are you with me? Cause you know I'm in too deep Cause you know, know me
