

# On A Wave

Markus Schulz

Come wash over me  
Come wash over me

I feel you inside my mind, like the breeze from the  
sea, yeah  
Every word I hear you say, keeps me warm like the  
summer rains

I feel like (feel)  
Like I'm on a wave, heading straight for shore,  
heading straight into your arms I  
Feel like (feel)  
Like I'm flying high, drifting on a cloud, heading  
straight for you, yeah

Come wash over me  
Come wash over me

Time is moving by so slow, relaxing with my thoughts of  
you  
Close my eyes and float away, dreaming of the things we  
would do

I feel like (feel)  
Like I'm on a wave, heading straight for shore,  
heading straight into your arms I  
Feel like (feel)  
Like I'm flying high, drifting on a cloud, heading  
straight for you, yeah

Come wash over me  
Come wash over me

I Feel like (feel)  
Like I'm on a wave, heading straight for shore,  
heading straight into your arms I  
Feel like (feel)  
Like I'm flying high, drifting on a cloud, heading  
straight for you, yeah

Feel like (feel)  
Like I'm on a wave, heading straight for shore,  
heading straight into your arms I  
Feel like  
Like I'm flying high, drifting on a cloud, heading  
straight for you, yeah
