

# Perception

Markus Schulz

You can see forever  
Look inside of your mind  
Find a sense another wonder  
Just release the fears you left behind

Feel your way through the darkness  
Guide your soul into the light  
Swim into the open water  
Drift on the tides that you may find

Find your soul in the sunrise  
Look around you can see it in their eyes  
Be as one together  
Rise up as the emptiness subsides

You can see forever  
Rise up together  
Search and you will find the answer  
If you look deep inside of your mind
