

Hey, hey, hey

This is "hello", and this is "goodbye"  
And I'm running late to meet my  
Awareness of affection  
Why don't you look me in the eye?  
This is example of complication  
And just forgetting

So listen up, you're losing out  
I don't want it to be another blank page, in the story of our l  
ives  
So listen up, you're losing out  
I don't want it to be another blank page, in the story of our l  
ives
