

Realise Real Eyes Real Lies

Marmozets

You're such a nice guy
But tell me lies of the future
Making false alarms
You never kept to your word

Making promises
Don't you realise you hurt me?
Making promises
Leaving me on this burning tree

You've got real eyes for the real lies
Your dirty work is done
All you do is take, take
You've got real eyes for the real lies
No truth now again
All you do is take, take

I know you meant well
You didn't have to leave me in this state of mind
Colours have faded
To black and white

Making promises
Don't you realise you hurt me?
Making promises
Leaving me on this burning tree

You've got real eyes for the real lies
Your dirty work is done
All you do is take, take
You've got real eyes for the real lies
No truth now again
All you do is take, take

Realise real eyes real lies, realise
Real eyes real lies

You've got real eyes for the real lies
Your dirty work is done
All you do is take, take
You've got real eyes for the real lies
No truth now again
All you do is take, take
