You're so cold hearted
You're so cold hearted

We're at the front line of our victory
Don't think too hard, don't think too hard
We're at the front line of ourselves again
Don't blink too fast, don't blink too fast
'cause this is ours, but you just take it all
This is ours, but you just want it all
This is ours, but you just take it all
This is ours!

I'm not by your side, I'm not taking time
You deserve everything you've got
I'm not by your side, I'm not taking time
You deserve everything you've got

We're all time keepers
We're all mime seekers

Taking every step as we have a long walk across these cities
Riding waves ain't all that fun
Even though they made it out to be

Turning ourselves inside-out makes a difference
Turning ourselves inside-out makes a difference

Riding waves ain't all that fun
