Center/ we stop them
Center/we hold it
Center/we carry
Center/ we enter

Bigger than big, that's how you start it.
Bigger than big, that's how you start it.

Right into the night

Center/ we stop them
Center/we hold it
Center/we carry
Center/ we enter

Bigger than big, that's how you start it.
Bigger than big, that's how you start it.

You said to me, I'm empty-hearted
Bigger than big that's how you parted

Right into the night
Right into the night
