Lucky Strike

Maroon 5

You're such a motivator, gotta get your way So sick of saying yes sir, yes sir You're such an instigator, you wanna play the game Take it or leave it, that's her, that's her

And I can't wait another minute I can't take the look she's giving Your body rocking, keep me up all night One in a million My lucky strike

Got me so high, and then she dropped me But she got me, she got me, she got me bad Took me inside and then she rocked me She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike Oh oh oh my lucky strike Your body rocking, keep me up all night One in a million, my lucky strike

Stuck in her elevator, she take me to the sky And I don't wanna go down, go down She said I'll feel you later, go ahead and fantasize She make me want her right now right now

And I can't wait another minute I can't take the look she's giving Your body rocking, keep me up all night One in a million My lucky strike

Got me so high, and then she dropped me But she got me, she got me, she got me bad Took me inside and then she rocked me She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike Oh oh oh my lucky strike Your body rocking, keep me up all night One in a million, my lucky strike

Hey, you're taking all my pain away You're shaking like an earthquake Hey, you're taking all my pain away You're shaking like an earthquake

Got me so high, and then she dropped me But she got me, she got me, she got me bad Took me inside and then she rocked me She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike Oh oh oh my lucky strike Your body rocking, keep me up all night One in a million, my lucky strike My lucky strike, my lucky strike Your body rocking, keep me up all night One in a million
