

# Secret

Maroon 5

1. Watch the sunrise  
Say your goodbyes  
Off we go  
Some conversion  
No contemplation  
Hit the road
  
2. Car overheats  
Jump out of my sea  
On the side of the highway baby  
Our road is long  
Your hold is strong  
Please don't ever let go oh no
  
- R: I know I don't know you  
But I want you so bad  
Everyone have a secret  
But can they keep it  
Oh no they can't
  
3. I Drive fast now  
Don't think I know how  
to go slow  
Where you at now  
I feel around  
There you are
  
- \*: Cool these engines, Calm these jets  
I ask you how hot can get it  
And as you wipe off beads of sweat  
Slowly you said "I'm not there yet"
  
- R: I know I don't know you...
