

## Beneath The Ashes

Maroon

Beneath the ashes, I search for evidence.  
I search for substance to prove existence.  
Destroyed by the hands of man.  
Something is lost forever... has died forever!

Our hands- are covered with blood.  
Our behaviour- is driven by greed.  
We will soon- fade to an memory.  
Of a culture- ceased by ignorance.

SOMETHING'S LOST FOREVER!

Beneath the ashes, I search for evidence.  
I search for substance to prove existence!

Mortality removed by technology.  
Humanity killed by mankind.

Beneath the ashes, I lost the hope to find some prove.  
Of a civilised culture cause something... has died  
forever!

SOMETHING'S LOST FOREVER!
