

Wake Up In Hell

Maroon

Born - but never raised
You're not a human you're just a product
Fearful eyes - see nothing but death
Mutated ears hear nothing but cries
No beautiful home - safe and warm
Live in a cage full of dirt and pain
Hateful faces - so very unknown
Speaking in tongues you can't understand

WAKE UP IN HELL
HELL
WAKE UP IN HELL
HELL
WAKE UP IN HELL
HELL
WAKE UP IN HELL
WAKE UP! Slaughter! - Hacked to pieces

See those of your kind getting mutilated
This must be hell - this can't be real
This fucking fear paralyses my thoughts
There is no space - you can not move
You're meat stock now, reversed tragedy
This isn't hell - it's fucking real
Hell would be relief, no remorse in abattoirs
"Oh where am I? What's that I'm going through?
Where is my family? Will I see the light again?
This can't be real. I am human not an animal
You can't tread me like this! Is there no compassion?"

"Save me from my destiny. I can't stand this anymore!
I am human not an animal!
I am human
Human!

WAKE UP IN HELL
HELL
WAKE UP IN HELL
HELL
WAKE UP IN HELL
HELL
WAKE UP IN HELL
WAKE UP!
