

Alone

Marques Houston

Alone
Na na na na na
Alone
Na na na na na
I know (listen up)
Questions cloud my head with why
Tears on my pillow as I cry
Makes no sense for us too say goodbye
Impossible to hide this pain inside
Thinking bout the times we shared
Makes me wonder if you even cared
Contemplating should I let you go
Girl why'd you leave me

Alone
I been sitting here waiting
By the phone
Give anything to hear
Your tone
It was all my fault
I know
Now I just stand here
Alone
Still remember the day when everything
Went wrong
Try to think how it would be if you hadn't
Gone
Away, should've made you stay
Now I just stand

Stormy nights and cloudy days
Can I fix it, what can I do, what can I say
Feels as if I'm stuck in a maze
With no way out I think I'm going insane
So alone without you
Where'd you go I miss my baby boo
It's a shame cause I can't breath without you
Please come back girl
Cause I'm missing you

Alone
I been sitting here waiting
By the phone (by the phone)
Give anything to hear
Your tone (yeah, oh oh)
It was all my fault
I know (I know...I know, know, know)
Now I just stand here
Alone
Still remember the day when everything
Went wrong
Try to think how it would be if you hadn't
Gone
Away, should've made you stay
Now I just stand

Why, why, why

You leave out of my life
Need you right here by my side
Why, why, why
Why oh why

Alone
I been sitting here waiting
By the phone (by the phone)
Give anything to hear
Your tone (give anything)
It was all my fault
I know
Now I just stand here
Alone
Still remember the day when everything
Went wrong
Try to think how it would be if you hadn't
Gone
Away, should've made you stay
Now I just stand (stand)
