

# Always & Forever

Marques Houston

I don't wanna be calling your phone  
I don't care what time you get home  
And I hate the fact that you live so damn close to me  
I don't like that I can't stop thinking bout you  
And I hate that you walk like you do (ohh baby)

But it's just something bout ya  
And I just can't take it  
Girl it's just something bout ya  
And I just can't take it

It's your thighs, your lips, your calves, your lips,  
It's your hair, did I mention your lips

Why I behold you  
Why do I want you  
Always and forever  
Always and forever

Cause girl you got it  
I'm goin keep it  
Oh you got me trippin on you  
So that's why I want you

Always and forever

I don't want to be pickin you up,  
Taking you on dates and shi\*  
I don't wana be payin your bills,  
Gettin you all spoiled and shi\*  
Don't want you to decorate my house but I can't help it  
Girl you make me feel so comfortable  
I'd be damned if I let you go (ohh)

But it's just something bout ya  
And I just can't take it  
Girl it's just something bout ya  
And I just can't take it

It's your thighs, your lips, your calves, your lips,  
It's your hair, did I mention your lips

Why I behold you  
Why do I want you  
Always and forever  
Always and forever

Cause girl you got it  
I'm goin keep it  
Oh you got me trippin on you  
So that's why I want you  
Always and forever

I try hard to keep my cool but I  
Can't live, I can't, I shake cause I'm  
So strung on you  
But its cool cause I'm gettin all my hits from you

And girl it gets to me the way that I'm feelin  
It's so crazy cause I don't know how I'm dealin  
Girl if I lose you I'm done  
Cause I know you're that one

Why I behold you  
Why do I want you  
Always and forever  
Always and forever

Cause girl you got it  
I'm goin keep it  
Oh you got me trippin on you  
So that's why I want you  
Always and forever
