

# Case of You

Marques Houston

I'm staring at the pillow where you slept last night  
It's almost like you're still lying there  
And the shirt that you wore of mine  
You took it off and threw it across the chair  
Now it's kinda hard to get you off my mind  
When I keep seeing you everywhere  
For example like the lipstick on that glass of wine  
Sitting right over there

And I can't play it off like we're friends like I used to  
No, I can't pretend like I used to  
So now I'm lying in my bed thinking about you  
And what do I do?

Girl, I'm feeling like I'm coming down with a case of you  
Now it started in my head but it trickled down to my shoes  
I feel so weak, so hard to breathe  
But it seems to only happen when you leave, girl  
Ain't nobody ever had me feeling quite like you do  
I'm coming down with a case of you

Trying not to think about you only got me missing you more  
And loneliness ain't no cure  
Thought I was over it by now  
But, no not yet  
Pulled the covers up to my head  
Now I'm feeling dizzy, and my mouth is dry  
With just a thought of you on my mind  
It's kinda crazy, what a mess I'm in  
I can't believe this is happening

And I can't play it off like we're friends like I used to  
No, I can't pretend like I used to  
So now I'm laying in my bed thinking about you  
And what do I do?

Girl, I'm feeling like I'm coming down with a case of you  
Now it started in my head but it trickled down to my shoes  
I feel so weak, so hard to breathe  
But it seems to only happen when you leave, girl  
Ain't nobody ever had me feeling quite like you do  
I'm coming down with a case of you

Now this ain't no common cold  
What I feel is original  
And I know there's a remedy  
When you bring your body back to me

Girl, I'm feeling like I'm coming down with a case of you  
Now it started in my head but it trickled down to my shoes  
I feel so weak, so hard to breathe  
But it seems to only happen when you leave  
Ain't nobody ever had me feeling quite like you do  
I'm coming down with a case of you

Girl, I'm feeling like I'm coming down with a case of you  
Now it started in my head but it trickled down to my shoes

I feel so weak, so hard to breathe  
But it seems to only happen when you leave  
Ain't nobody ever had me feeling quite like you do  
I'm coming down with a case of you
