

# Miss Being Your Man

Marques Houston

Day one you left and  
I'm officially back up in the game and  
Day two I'm feel cocky and out  
Here doin my thang I aint thinkin about  
How you walked up out here  
I'm just doin me  
And day three it hit me  
Day four im trippin  
Day five its killin me dont wanna be alive  
Then it hit day six and I had to come to grips  
That your gone a piece of me is missin

Never been in love like im in love with you (girl)  
I just cant help it  
Im missing wat we had im wishing that we was back (girl)  
Its getting bad  
I really miss being your man (youuu)  
I never thought I would be without you (youuu)  
Im tryin to be, be a man about it  
Im missing wat we had im wishing that we was back (girl)  
I really really miss, I really miss being your man

Week two I called you 20 time  
But you still aint pick up  
Week three just playin madden and I  
Aint left my house in days  
Now all I think about is how you  
Walked up out here  
Somethings gotta give

I aint even bathe need a cut  
Or a shaved if I dont get my  
Babe ill go all the way crazy  
Its been long enough girl i  
Give up its getting kinda  
Rough girl I give up I gotta  
Get back with you

Never been in love like im in love with you (girl)  
I just cant help it  
Im missing wat we had im wishing that we was back (girl)  
Its getting bad  
I really miss being your man (youuu)  
I never thought I would be without you (youuu)  
Im tryin to be, be a man about it  
Im missing wat we had im wishing that we was back (girl)  
I really really miss, I really miss being your man

Today was the worst day ill admitting  
I cant do this without you and baby  
When you get this message hopefully  
You'll take me back to the last fight and  
Ill make it right cause I dont wanna miss  
You nomore

Never been in love like im in love with you (girl)  
I just cant help it

Im missing wat we had im wishing that we was back (girl)  
Its getting bad
