

# La La La La La

Marsha Ambrosius

My skin feels good against you  
You're touching me in places I forgot existed in me  
I felt you then I melted  
And it was unexpected  
Baby how do you know me so well  
You knew just what to do when you laid your hands on me baby  
You love me like forever  
Baby we just go together

It happens every time I'm in your arms  
Seems like I'm putting everything on pause  
I'm starting to believe your love is also want  
You're all I ever need  
Give me your  
La la la la la la  
Do do do do do

My lips I wanna kiss you  
Like there's no tomorrow like the world is ending  
I just wanna be with you baby  
Myself I wanna give you baby  
Iota because you know me so well  
You knew just what to say  
You whispered in my ear a promise  
To love me like forever baby  
Baby we just go together baby

It happens every time I'm in your arms  
Seems like I'm putting everything on pause  
I'm starting to believe your love is also want  
You're all I ever need  
Give me your  
La la la la la la  
Do do do do do

(Oh love)  
It feels so good to me baby  
(I need your love)  
So damn good to me baby  
(Give me your love)  
La la la la la la...

It happens every time I'm in your arms  
Seems like I'm putting everything on pause  
I'm starting to believe your love is also want  
You're all I ever need  
Give me your  
La la la la la la  
Do do do do do

So much I wanna tell you baby  
How much I really really love you baby  
Don't front on me baby  
You know I need your love
