Marsha Ambrosius

Damn, I can't believe I keep doing this to myself  
But it's so good

Still got on my shirt  
My hair's all out of place (last night we made love)  
Don't remember when's the last  
Time I came over to your place  
I remember we were drinking, laughing about the weekend  
We went all the way to the top  
Then we swore it to be the last time, but every single time we say that  
We just can't stop

You can't stop doing it, doing it, doing oh  
Ooh it's, ooh it's, ooh it's so good  
Baby, between me and her, you've got to choose  
Choose, dude

Where are my shoes?  
Panties and toothbrush and all?  
Can't keep on doing this that long  
Running back to you every time you call, I'm losing my cool

Where are my shoes?  
What's the time, should I make you breakfast?  
Should I just be quiet? He's still laying here snoring  
And I want some more and it puts me out of my fucking mind  
We were drinking, touching and we were kissing  
And we didn't care who would see  
And we swore it to be the last time, but every single time we say that  
I get you onto me

You can't stop doing it, doing it, doing oh  
Ooh it's, ooh it's, ooh it's so good  
Baby, between me and her, you've got to choose  
Choose, dude

Where are my shoes?  
Panties and toothbrush and all?  
Can't keep on doing this that long  
Running back to you every time you call, I'm losing my cool  
Where are my shoes?

Pretty bad to feel  
Cause I believe in better for you than she is  
But you milk the cow for free  
And I had said I wouldn't be the one for you  
It's pretty hard to be the same  
It's pretty bold to be the danger and be the bother me to do  
But your loving makes me weak and I still overhear  
Now what am I to do?

Where are my shoes?  
Panties and toothbrush and all?  
Can't keep on doing this that long  
Running back to you every time you call, I'm losing my cool

Where are my shoes?

Panties and toothbrush and all?  
Can't keep on doing this that long  
Running back to you every time you call, I'm losing my cool
