## Have You Seen Her Face

## **Marshall Crenshaw**

Have you seen her face Her eyes reflect the colors in the sky A warm familiar place to be swept into Whenever she's close by, makes me wonder why

Run by and don't turn back Can't hide from that look in her eye

Must be the way she walks A style made up to capture all she needs No time to spend on this talk If your luck runs right she might see you tonight Everything in sight

Run by, don't turn back Can't hide from that look in her eye

Run by, don't turn back Can't hide from that look in her eye

You'll find you're locked in her spell All the sights and sounds your senses will be found And only time will tell How much love can be to wait so patiently Wait and see

Run by, don't turn back Can't hide from that look in her eye
