

Julie

Marshall Crenshaw

See'mon Julie, I've been watching you
Ever since you came to town
I'm through with watching you
There's lots more we could do

Julie I need your love so bad
See'mon Julie, time's a wasting
I should to be tasting your sweet lips
See'mon give love a try, don't let it pass you by

Julie I need your love so bad
My love and my devotion
Are deeper than the deepest ocean
Julie, won't you give your sweet love to me

See'mon Julie, say you'll love me
Give me your sweet love all the time
See'mon take my hand, tell me you'll understand
Julie I need your love so bad

See'mon give love a try
Don't let it pass you by
Julie I need your love so bad
My love and my devotion
Are deeper than the deepest ocean

Julie, won't you give your sweet love to me
See'mon Julie, say you'll love me
Give me your sweet love all the time
See'mon give love a try, don't let it pass you by

Julie I need your love so bad
Julie I need your love so bad
Julie I need your love so bad
