

# Tell Me All About It

Marshall Crenshaw

Only a month gone by now and rumors start to fly  
Well I heard your name and I felt so defenseless  
Now we're one on one in the light of the setting sun  
You say it was nothing that I'd done  
You were just restless  
Tell me all about it  
Did you grab somebody new?  
Tell me all about it  
Does he love you better than I do?  
It's all a little clouded, this just came right out of the blue  
On second thought maybe I don't want you  
To tell me all about it  
Tangled hands and feet  
All the words you whispered sweet  
It's all coming back now incomplete  
Did you just fake it?  
Now I do believe  
That it's just like Adam learned with Eve  
People can hide things up their sleeve  
Even when naked  
Aww Tell me all about it  
Have you got somebody new?  
Tell me all about it  
Does he love you like I do?  
It's all a little clouded  
This just came out of the blue  
On second thought maybe I don't want you  
To tell me all about it  
My mind's in an uproar  
I don't know what to do or say  
Been just like this all day  
Yeah I left myself wide open  
I can't believe that it's gone this way  
Now I do believe  
That it's just like Adam learned with Eve  
People can hide things up their sleeve  
Even when naked  
Well tell me all about it  
Have you got somebody new?  
Tell me all about it  
Does he love you like I do?  
It's all a little clouded  
This just came right out of the blue  
On second thought maybe I don't want you  
To tell me all about it
