

This Is Easy

Marshall Crenshaw

Yes I see we're moving on
Over unfamiliar ground
Wait a minute look around
This is easy
Yes I see we're moving on
Maybe trouble's all we'll find
But compared to what's behind
This is easy
And there were nights when we knew
The sunshine would never ever reappear
It's not a good time all the time
Baby let's grab hold while it's here

Baby baby do I need
To explain or can you tell
That I'm feeling oh so well
This is easy
And I know there's not one thing
That could ever drag us down
Wait a minute look around
This is easy
Remember this when the dreams you treasure
Are scattered like bowling pins
It's not a good time all the time
Nobody always wins
This is easy oh so easy
If we're crazy, well, we don't care
Like falling falling
Falling thought empty air
